

Billy Brown

I have served as your current President for two terms. Before that I was your Vice President. Working with the Chamber of Commerce has been an experience I will always remember as a time in my life that we made a difference in our community. Our Chamber has never been stronger.

Our Chamber has built up a reasonable reserve fund. We have secured the grant funding for 2019 operations. We have a professional staff including a new, very qualified executive director. The feedback from our community and Government is positive and support of our current business plan is still growing.

The summer events continue to serve the purpose of "bring back the fun to Birch Bay". There was well over 50,000 tourists that attended these events this year and over 200,000 in the last 4 years. Our visitor center served over 10,000 residents and tourist in 2018. We took the lead on the Golf cart zone ordinance and now our community has a chance to test the opportunity. There are many more achievements. We have accomplished great things and I for one am very proud of what we have accomplished. I have made many new friends over the last 4 years because of my association with the Chamber. These people have Encouraged and supported me throughout the 4 years I have been involved and I am very appreciative of their support. Because of their support I had the courage to run for Birch Bay Parks and Recreation district commissioner and was elected. This new opportunity will give me the chance to work on many other community projects in the future. My work is not done with the Chamber yet. I ask you for the opportunity to serve another term as a Director. Please support me and give me your vote.
